II. GENERAL STATEMENT OF POLICY

- A. The school board recognizes that nutrition education and physical education are essential components of the educational process and that good health fosters student attendance and education.

- F. Qualified food service personnel will: provide students with access to a variety of affordable, nutritious, and appealing foods that meet the health and nutrition needs of students; accommodate the religious needs of the student body in meal planning and preparation; try to accommodate the ethnic and cultural diversity of the student body in meal planning; and will provide clean, safe, and pleasant settings and adequate time for students to eat.

III. GUIDELINES

A. Foods and Beverages

1. All foods and beverages made available on campus (including concessions and a la carte cafeteria items) will be consistent with the current USDA Dietary Guidelines for Americans.

2. Food service personnel will take every measure to ensure that student access to foods and beverages meet or exceed all federal, state, and local laws and guidelines.
3. Food service personnel shall adhere to all federal, state, and local food safety and security guidelines.

5. Yinghua Academy will provide students access to hand washing or hand sanitizing before they eat meals or snacks.
6. Yinghua Academy will make every effort to provide students with sufficient time to eat after sitting down for school meals and will schedule meal periods at appropriate times during the school day.
7. Yinghua Academy will discourage tutoring, club, or organizational meetings or activities during mealtimes, unless students may eat during such activities.

B. School Food Service Program/Personnel

1. Yinghua Academy will provide healthy and safe school meal programs that strictly comply with all federal, state, and local statutes and regulations.
2. Yinghua Academy shall designate an appropriate person to be responsible for Yinghua Academy's food service program, whose duties shall include the creation of nutrition guidelines and procedures for the selection of foods and beverages made available on campus to ensure food and beverage choices are consistent with current USDA Dietary Guidelines for Americans.
3. As part of Yinghua Academy's responsibility to operate a food service program, Yinghua Academy will provide continuing professional development for all food service personnel in schools.

C. Nutrition Education and Promotion

1. Yinghua Academy will encourage and support healthy eating by students and engage in nutrition promotion that is:

- a. offered as part of a comprehensive program designed to provide students with the knowledge and skills necessary to promote and protect their health;
 - b. part of health education classes as well as classroom instruction in subjects such as math, science, language arts, social sciences, and elective subjects, where appropriate; and

2. Yinghua Academy will encourage all students to make age appropriate, healthy selections of foods and beverages, including those sold individually outside the reimbursable school meal programs, such as through a la carte [snack] lines, vending machines, fundraising events, concession stands, and student stores.
 3. Schools will not use foods or beverages as rewards for academic performance or good behavior (unless this practice is allowed by a student's individual education plan or behavior intervention plan) and will not withhold food or beverages as punishment.

D. Physical Activity

1. Students need opportunities for physical activity and to fully embrace regular physical activity as a personal behavior. Toward that end, health education will reinforce the knowledge and self-management skills needed to maintain a healthy lifestyle and reduce sedentary activities such as watching television;
2. Opportunities for physical activity will be incorporated into other subject lessons, where appropriate; and
