INDEPENDENT AUDITOR'S REPORT

To the School Board Yinghua Academy Minneapolis, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Yinghua Academy, Minnesota, as of and for the year ended June 30, 2013, and the related Notes to the Financial Statements, which collectively comprise the Academy's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Academy's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Expert advice. When you need it. SM

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Yinghua Academy, Minnesota, as of June 30, 2013, and the respective changes in financial position thereof, and the respective budgetary comparison for the General Fund, Food Service Fund, and Community Service Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Implementation of GASB 63

As discussed in Note 10 to the financial statements, the District has adopted the provisions of the Governmental Accounting Standards Board (GASB) Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, which follows this report letter be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Academy's basic financial statements. The accompanying supplementary information identified in the Table of Contents is presented for purposes of additional analysis and is not a required part of the financial statements.

The accompanying supplementary information identified in the Table of Contents is the responsibility of management and were derived from and relate directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects in relation to the financial statements as a whole.

Report on Summarized Comparative Information

The financial statements include partial prior year comparative information. Such information does not include all of the information required to constitute a presentation in accordance with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Academy's financial statement for the year ended June 30, 2012, from which such partial information was derived.

We have previously audited the Academy's 2012 financial statements and our report, dated October 14, 2012, expressed unqualified opinions on the respective financial statements of the governmental activities and each major fund. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2012, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 14, 2013, on our consideration of the Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2013

This section of Yinghua Academy's (the "Academy") annual financial report presents our discussion and analysis of the Academy's financial performance during the school year that ended on June 30, 2013. Please read it in conjunction with the Academy's financial statements, which immediately follow this section. The Management's Discussion and Analysis (MD&A) is a required element of required supplementary information specified in GASB Statement No. 34 – Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, issued in June 1999. Certain comparative information between the current year (2012-2013) and the prior year (2011-2012) is required to be presented in the MD&A.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2012-2013 year include the following:

- The total fund balance of the General Fund ended at a positive \$ 404,287.
- Overall General Fund revenues were \$4,554,028 as compared to \$4,304,161 of expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts – Independent Auditor's Report, required supplementary information, which includes the MD&A (this section), the basic financial statements and supplemental information. The basic financial statements include two kinds of statements that present different views of the Academy:

- The first two statements are government-wide financial statements that provide both short-term and long-term information about the Academy's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the Academy, reporting the Academy's operations in more detail than the government-wide statements.

The governmental funds statements tell how basic services such as regular and special education were financed in the short-term as well as what remains for future spending.

MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2013

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of supplementary information that further explains and supports the financial statements.

Figure A-1 Annual Report Format

Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

Government-Wide Statements

The government-wide statements report information about the Academy as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the Academy's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2013

OVERVIEW OF THE FINANCIAL STATEMENTS

Government-Wide Statements (Continued)

The two government-wide statements report the Academy's net position and how they have changed. Net position, the difference between the Academy's assets and liabilities, is one way to measure the Academy's financial health or position.

- Over time, increases or decreases in the Academy's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the Academy you need to consider additional non-financial factors such as changes in the Academy's creditworthiness and the condition of academy buildings and other facilities.

In the government-wide financial statements the Academy's activities are shown in one category:

Governmental Activities: Most of the Academy's basic services will be included here, such as regular and special education, transportation and administration. State and federal aids as well as federal and foundation grants financed these activities.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more detailed information about the Academy's funds – focusing on its most significant or "major" funds – not the Academy as a whole. Funds are accounting devices the Academy uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by state law and by bond covenants.
- The Academy may establish other funds to control and manage money for specific purposes.

The Academy has one kind of fund:

Governmental Funds: Most of the Academy's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the Academy's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statements to explain the relationship (or differences) between them.

MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2013

FINANCIAL ANALYSIS OF THE ACADEMY AS A WHOLE

Net Position

The Academy's combined net position were \$ 654,073 on June 30, 2013 (See Table A-1).

In 2012-2013, the Academy enrolled 108 students in kindergarten, 245 students in grades 1-3, 133 students in grades 4-6 and 26 students in grades 7-8.

FINANCIAL ANALYSIS OF THE ACADEMY'S FUNDS

The financial performance of the Academy as a whole is reflected in its governmental funds as well. As the Academy completed the year, its governmental funds reported a combined fund balance of \$9,970,833.

GENERAL FUND

The General Fund includes the primary operations of the Academy in providing educational services to students from kindergarten through grade 8, including pupil transportation activities and capital outlay projects.

The schedule on the following page presents a summary of General Fund revenues.

MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2013

GENERAL FUND

Table A-5 General Fund Revenues

	Year Ende	ed June 30,	
	2013	2012	Change
Other Local Revenues State Sources Federal Sources	\$ 314,478 3,977,488 260,048	\$ 213,014 3,214,240 391,263	\$ 101,464 763,248 (131,215)
Total General Fund Revenue	\$ 4,554,028	\$ 3,818,517	\$ 733,497

Other revenue consists of private grant funding which is expenditure driven.

The following schedule presents a summary of General Fund expenditures. Of the total expenditures, about 63% were personnel salaries and benefits. Another 32% of total expenditures were purchased services to continue developing the educational program, provide facility and administrative services and direct services to students. Table A-6 below presents a summary of General Fund expenditures.

Table A-6 General Fund Expenditures

	Year Ended June 30,			
	2013	2012	Change	
Salaries	\$ 2,186,172	\$ 2,004,429	\$	181,743
Employee Benefits	526,646	404,548		122,098
Purchased Services	1,369,327	1,307,725		61,602
Supplies and Materials	135,849	129,592		6,257
Capital Expenditures	71,465	86,574		(15,109)
Other Expenditures	14,702	37,299		(22,597)
Transfers Out	21,807	4,153		17,654
Total Expenditures	\$ 4,325,968	\$ 3,974,320	\$	351,648

In 2012-2013 General Fund revenues exceeded expenditures and other financing uses by \$ 228,060 increasing the fund balance to \$ 404,287.

MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2013

GENERAL FUND BUDGETARY HIGHLIGHTS

Following approval of the budget, the Academy can revise the annual operating budget in mid-year. These budget amendments fall into two categories:

- Implementing budgets for specially funded projects, which include both federal and state grants and reinstating unexpended funds being carried over from the prior year.
- Legislation passes subsequent to budget adoption, changes necessitated by employment agreements and increases in appropriations for significant unbudgeted costs.

Capital Assets

By the end of 2013, the Academy had invested \$4,669,002 in capital assets, including construction in progress related to a new building acquisition, computers, equipment and furniture (See Table A-7). More detailed information about capital assets can be found in Note 4 to the financial statements. Total depreciation expense for the year was \$152,485.

Tab Capit		
•	 2013	 2012
Equipment	\$ 341,203	\$ 276,866
Construction in Progress	4,323,874	-
Leasehold Improvements	3,925	3,925
Total Capital Assets	4,669,002	 280,791
Less Accumulated Depreciation	(152,485)	 (112,847)
Total	\$ 4,516,517	\$ 167,944

OTHER MAJOR FUNDS

From the standpoint of maintaining current operating expenditures within the range of annual revenue and maintaining fund balance, the Food Service and Community Service Funds are operating on a sound financial basis.

FACTORS BEARING ON THE ACADEMY'S FUTURE

The Academy is dependent on the State of Minnesota for its revenue authority. Recent experience demonstrates that legislated revenue increases have not been sufficient to meet instructional program needs and increased costs due to inflation.

The Academy will strive to meet its commitment to academic excellence and educational opportunity for students within a framework of financial fiduciary responsibility.

MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2013

CONTACTING THE ACADEMY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our constituents, state oversight agencies, lenders, customers, legislative leaders and creditors with a general overview of the Academy's finances and to demonstrate the Academy's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Business Office, Yinghua Academy Charter School, 1616 Buchanan Avenue NE, Minneapolis, Minnesota 55413.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Academy is a nonprofit corporation that was formed and began operating in June 2004, as Harriet Bishop Academy, in accordance with *Minnesota Statutes* 317A. The Academy subsequently changed its name to Yinghua Academy. The Academy is sponsored by Friends of Education. The Academy is a public school which served grades K-8 in the 2012-2013 school year. The mission of the Academy is to provide a challenging and comprehensive learning environment that will nurture the students' natural inquisitiveness and will prepare them to be engaged and productive global citizens. The governing body consists of a Board of Directors composed of a Chairperson, Treasurer, Secretary and such other members.

A. Reporting Entity

The financial statements present the Academy and its component units. The Academy includes all funds, organizations, institutions, agencies, departments and offices that are not legally separate from such. Component units are legally separate organizations for which the appointed officials of the Academy are financially accountable and are included within the financial statements of the Academy because of the significance of their operational or financial relationships with the Academy.

The Academy is considered financially accountable for a component unit if it appoints a voting majority of the organization's governing body and it is able to impose its will on the organization by significantly influencing the programs, projects, activities or level of services performed or provided by the organization, or there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Academy.

As a result of applying the component unit definition criteria above, it has been determined a certain organization has been defined and is presented in this report as follows:

Blended Component Units – Reported as if they were part of the Academy.

1. Blended Component Unit

Educational Properties Yinghua meets the criteria to be included as a blended component unit in the basic financial statements. Separate financial statements are not prepared for the organization.

Educational Properties Yinghua was organized to operate exclusively in support of the Academy and in particular to purchase, own and/or construct a school house for lease to the Academy.

Aside from its sponsorship, Friends of Education has no authority, control, power or administrative responsibilities over the Academy. Therefore, the Academy is not considered a component unit of Friends of Education.

Any student activities the Academy may have are accounted for in the General Fund.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

B. Basic Financial Statement Information

The government-wide financial statements (i.e. the Statement of Net Position and the Statement of Activities) display information about the reporting government as a whole. These Statements include all the financial activities of the Academy.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues.

The Academy applies restricted resources first when an expense is incurred for a purpose for which both restricted and unrestricted net position are available. Depreciation expense that can be specifically identified by function is included in the direct expenses of that function. The effect of interfund activity has been removed from these Statements.

C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied is determined by its measurement focus and basis of accounting. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this basis of accounting transactions are recorded in the following manner.

1. Revenue Recognition

Revenue is recognized when it becomes measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. State revenue is recognized in the year to which it applies according to *Minnesota Statutes* and accounting principles generally accepted in the United States of America. *Minnesota Statutes* include state aid funding formulas for specific years. Federal revenue is recorded in the year in which the related expenditure is made. Other revenue is considered available if collected within 60 days.

2. Recording of Expenditures

Expenditures are generally recorded when a liability is incurred. However, expenditures are recorded as prepaids for approved disbursements or liabilities incurred in advance of the year in which the item is to be used.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Funds:

As required by state statute, the Academy operates as a nonprofit corporation under *Minnesota Statutes* 317A. However, state law also requires the Academy comply with Uniform Financial Accounting and Reporting Standards (UFARS) for Minnesota School Districts which mandates the use of a governmental fund accounting structure. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Descriptions of the funds included in this report are as follows below.

Major Funds:

General Fund – This Fund is the basic operating fund of the Academy and is used to account for all financial resources except those required to be accounted for in another fund.

Food Service Special Revenue Fund – This Fund is used to account for food service revenues and expenditures.

Community Service Special Revenue Fund – This Fund is used to account for before and after school program revenues and expenditures.

Building Company Capital Project Fund – This Fund is used to account for financial resources used for the acquisition or construction of major capital facilities authorized by bond issue.

Building Company Debt Service Fund – This Fund is used to account for the accumulation of resources for, and payment of, general obligation (G.O.) bonds, interest and related costs.

D. Deposits and Investments

Minnesota Statutes require all deposits be protected by federal deposit insurance, corporate surety bonds or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by Federal Deposit Insurance Corporation (FDIC) insurance or corporate surety bonds.

Custodial Credit Risk – Deposits: This is the risk that, in the event of the failure of a depository financial institution, the Academy will not be able to recover deposits or collateral securities that are in the possession of an outside party. *Minnesota Statutes* requires all deposits be protected by federal depository insurance, corporate surety bonds or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by Federal Deposit Insurance Corporation (FDIC) insurance or corporate surety bonds. The Academy's policy states that full collateralization is required on all demand deposit accounts exceeding FDIC coverage.

Interest Rate Risk: This is the risk that the market values of securities in a portfolio would decrease due to changes in market interest rate. The Academy's investment policy states that investments maturities shall be scheduled to coincide with projected cash flow needs. Maturities for short-term and long-term investments shall be timed according to anticipated need. Within these parameters, portfolio maturities shall be staggered to avoid undue concentration of assets and a specific maturity sector. The maturities selected shall provide for stability of income and reasonable liquidity.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

D. Deposits and Investments (Continued)

Credit Risk: This is the risk an issuer or other counterparty to an investment will not fulfill its obligations. *Minnesota Statutes* 118A.04 and 118A.05 limit investments that are in the top two ratings issued by national recognized statistical rating organizations. According to the Academy's investment policy, the Academy may only invest in funds specified by Minnesota State Statue.

Concentration of Credit Risk: This is the risk of loss attributed to the magnitude of an investment in a single issuer. The Academy's investment policy states that the Academy shall diversify its investments to avoid incurring unreasonable risks inherent in over-investing in specific instruments, individual financial institutions, or maturities.

Custodial Credit Risk- Investments- This is the risk that in the event of the failure of the counterparty, the Academy will not be able to recover the value of its interments or collateral securities that in the possession of an outside party. The Academy's investment policy requires all investments to be held in third-party safekeeping by an institution designated as a custodial agent. The custodial agent may be any Federal Reserve Bank, any bank authorized under the laws of the United States, or any state to exercise corporate trust powers, a primary reporting dealer in the United States Government securities to the Federal Reserve Bank of New York, or a securities broker-deal defined by Minnesota State Statue.

E. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Prepaid items are recorded as an expenditure at the time of consumption.

F. Capital Assets

Capital assets are recorded in the government-wide financial statements, but are not reported in the fund financial statements.

Capital assets are defined by the Academy as assets with an initial individual cost of more than \$500. Such assets are capitalized at historical cost, or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend the assets lives are not capitalized.

Capital assets are depreciated using the half-year straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purpose by the Academy, no salvage value is taken into consideration for depreciation purpose. Useful lives vary from 5 to 20 years for furniture and equipment.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

G. Compensated Absences

Certain Academy employees earn paid leave time (PLT). Academy employees may not carryover PLT to subsequent years so, at June 30, 2013, no liability exists.

H. Risk Management

The Academy is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to employees for which the Academy carries commercial insurance. Settled claims have not exceeded this commercial coverage in any of the past three years. There were no significant reductions or other significant changes in the Academy's insurance coverage during the year ending June 30, 2013.

I. Fund Equity

1. Classification

In the fund financial statements, the governmental fund report fund classifications that comprise a hierarchy based primarily on the extent to which the Academy is bound to honor constraints on the specific purpose for which amounts in those funds can be spent. Nonspendable fund balances include amounts that cannot be spent because they are not in spendable form. Amounts that are restricted to specific purposes either by a) constraints placed on the use of resources by creditors, grantors, contributors or laws or regulations of other governments or b) imposed by law through enabling legislation are classified as restricted fund balances. Amounts that can only be used for specific purposes pursuant to constraints imposed by the Board of Trustees (highest level of decision making authority) through resolution are classified as committed fund balances. Amounts that are constrained by the Academy's intent to be used for specific purposes but are neither restricted nor committed are classified as assigned fund balances. Unassigned fund balance represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to a specific purpose in the General Fund.

2. Minimum Fund Balance

At June 30, 2013, the Academy's policy is to maintain a minimum unassigned general fund balance of 20 percent of the annual budget.

J. Net Position

Net position represents the difference between assets and liabilities in the government-wide financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation. Net position are reported as restricted in the government-wide financial statement when there are limitations on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

K. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenditures/expense during the reporting period. Actual results could differ from those estimates.

L. Comparative Data

Comparative data for the prior year has been presented only for certain sections of the accompanying financial statements in order to provide an understanding of the changes in the Academy's financial position and operations. This data has been restated where necessary for comparable classifications.

M. Tax Status

The Academy is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC). The Academy is also exempt from Minnesota Franchise or income tax.

The Academy is required to assess whether an uncertain tax position exists and if there should be recognition of a related benefit or liability in the financial statements. The Academy has determined there are not amounts to record as assets or liabilities related to uncertain tax positions. Generally, the Academy is no longer subject to examination by tax authorities for years before 2010.

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

The Academy follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. Prior to July 1, the Director of Academy submits to the Academy's Board of Directors, a proposed operating budget for the year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. Formal budgetary integration is employed as a management control device during the year for the General and Special Revenue Funds.
- 3. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information (Continued)

4. Budgets are as originally adopted or as amended by the Academy's Board of Directors. Budgeted expenditure appropriations lapse at year-end.

B. Excess of Expenditures Over Appropriations

Budgetary control for governmental funds is established by each fund's total appropriations. Expenditures exceeded appropriations in the following Funds for the year ending June 30, 2013.

	Appropr	Appropriations		
Special Revenue Funds:	¢ 17	9 500	¢	192 061
Food Service Community Service	· ·	8,599 8,841	\$	183,061 349,493

NOTE 3 – DEPOSITS AND INVESTMENTS

A. Deposits

In accordance with applicable *Minnesota Statutes*, the Academy maintains deposits at depository banks authorized by the Academy's Board of Directors.

Custodial Credit Risk – Deposits: As of June 30, 2013, the Academy's bank balance of \$ 206,600 was not exposed to custodial credit risk because it was covered by FDIC.

Deposits are presented in the Statement of Net Position at June 30, 2013 is as follows:

Cash \$ 102,375

B. Investments

Investments at June 30, 2013 were comprised of \$ 9,508,958 in Wells Fargo Treasury Money Market.

C. Deposits and Investments

The following is a summary of total deposits and investments:

District Governmental Funds:

Investments	
mvestments	 9,508,958
Total Deposits and Investments	\$ 9,611,333

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 3 – DEPOSITS AND INVESTMENTS

N

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 4 – CAPITAL ASSETS

Depreciation expense for the year ended June 30, 2013 was charged to the following functions:

Administration	\$ 317
District Support Services	1,646
Regular Instruction	27,907
Special Education	1,464
Sites, Buildings and Equipment	6,869
Food Service	1,435
Total Depreciation Expense	\$ 39,638

NOTE 5 – TRANSFERS/INTERFUND ACTIVITY

The Academy's Food Service Fund incurred an operating deficit of \$ 21,807 that was eliminated through a transfer from the General Fund at June 30, 2013. Under state accounting guidelines, the Academy is required to eliminate such a deficit either through operations of the next year or through a permanent transfer from the General Fund at the end of the second year.

An interfund loan of \$ 6,265 was made from the Community Service Fund to the General Fund to cover temporary deficit cash balances. This amount will be repaid in the next year as funds become available.

NOTE 6 – SHORT-TERM DEBT

On November 30, 2010, the Academy obtained a line of credit (LOC) of \$ 350,000 that expired on October 15, 2011 and was extended to January 15, 2014. The agreement requires interest on all borrowings at 6.5% and was secured by assets of the Academy. At June 30, 2013, the Academy had a balance of \$ 65,000 outstanding on the LOC.

Changes in Short-Term Debt

	Beginning			Ending
	Balance	Additions	Reductions	Balance
Short-Term Liabilities:				
Line of Credit	650,000	65,000	650,000	65,000

NOTE 8 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE

Substantially all employees of the School are required by state law to belong to pension plans administered by the Teachers' Retirement Association (TRA) or Public Employees' Retirement Association (PERA), all of which are administered on a state-wide basis. Disclosures relating to these Plans follow.

Teachers' Retirement Association

A. Plan Description

All teachers employed by the School are covered by defined benefit plans administered by the TRA. TRA members belong to either the Coordinated or Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. All new members must participate in the Coordinated Plan. These Plans are established and administered in accordance with *Minnesota Statutes* Chapter 354 and 356.

TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by *Minnesota Statutes* and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age and a formula multiplier based on years of credit at termination of service.

Two methods are used to compute benefits for TRA's Coordinated and Basic Plan members. Members first employed before July 1, 1989, receive the greater of the Tier I or Tier II as described below and on the following pages.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 8 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE

Teachers' Retirement Association

A. Plan Description (Continued)

Tier I:

Tier I	Step Rate Formula	Percentage
Basic	First 10 years of service	2.2% per year
	All years after	2.7% per year
Coordinated	First 10 years if service years are prior to July 1, 2006	1.2% per year
	First 10 years if service years are July 1, 2006 or after	1.4% per year
	All other years of service if service years are prior to July 1, 2006	1.7% per year
	All other years of service if service years are July 1, 2006 or after	1.9% per year

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 8 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE

Teachers' Retirement Association (Continued)

A. Plan Description (Continued)

With these provisions:

- Normal retirement at age 65 with less than 30 years of allowable service and age 62 with 30 or more years of allowable service.
- Three percent per year early retirement reduction factors for all years under normal retirement age.
- Unreduced benefits for early retirement under a Rule-of-90 (age plus allowable service equals 90 or more).

Tier II:

For years of service prior to July 1, 2006, a level formula of 1.7% per year for Coordinated Plan members and 2.7% per year for Basic Plan members applies. For years of service July 1, 2006 and after, a level formula of 1.9% per year for Coordinated Plan members and 2.7% per year for Basic Plan members applies. Actuarially equivalent early retirement reduction factors with augmentation are used for early retirement before the normal age of 65. These reduction factors average approximately 4.0% to 5.4% per year.

Members first employed after June 30, 1989 receive only the Tier II calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed age 66.

Six different types of annuities are available to members upon retirement. The No Refund Life Plan is a lifetime annuity that ceases upon the death of the retiree – no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(ies) by selecting one of the five plans which have survivorship features. Vested members may also leave their contributions in the TRA Fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is also eligible for a refund of their employee contributions plus interest.

The benefit provisions stated apply to active Plan participants. Vested, terminated employees who are entitled to benefits but not yet receiving them are bound by the provisions in effect at the time they last terminated their public service.

TRA publicly issues a Comprehensive Annual Financial Report (CAFR) presenting financial statements, supplemental information on funding levels, investment performance and further information on benefits provisions. The report may be accessed at the TRA web site www.minnesotatra.org. Alternatively, a copy of the report may be obtained by writing TRA at Teachers' Retirement Association, 60 Empire Drive, #400, St. Paul, Minnesota 55103-4000 or by calling (651) 296-2409 or (800) 657-3669.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 8 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE

Teachers' Retirement Association (Continued)

B. Funding Policy

Minnesota Statutes Chapter 354 sets the rates for the employee and employer contributions. These Statutes are established and amended by the State Legislature. Coordinated and Basic Plan members are required to contribute 6.0% and 9.5%, respectively, of their annual covered salary during the year 2012 as employee contributions. The TRA employer contribution rates are 6.0% for Coordinated Plan members and 10.0% for Basic Plan members during the year 2012. Total covered payroll salaries for all TRA members state-wide during year ended June 30, 2012 was approximately \$ 3.87 billion. TRA covered payroll for all members state-wide for the years ended June 30, 2011 and 2010 were \$ 3.84 billion and \$ 3.79 billion, respectively. The Academy's contributions for the years ended June 30, 2013, 2012 and 2011 were \$ 93,218, \$ 84,549 and \$ 66,675, respectively, equal to the required contributions for each year as set by state statute.

The 2010 State Legislature approved employee and employer contribution rate increases to be phased in over a four year period beginning July 1, 2011. Employee and employer contribution rates will rise 0.5% each ear for the four year period. Beginning July 1, 2014, TRA Coordinated Plan employee and employer contribution rates will each be 7.5%.

Public Employees' Retirement Association

A. Plan Description

All full-time and certain part-time employees (nonteacher) of the School are covered by defined benefit plans administered by the PERA. PERA administers the General Employees' Retirement Fund (GERF) which is a cost-sharing, multiple-employer retirement plan. This Plan is established and administered in accordance with *Minnesota Statutes* Chapters 353 and 356.

GERF members belong to either the Coordinated or Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. All new members must participate in the Coordinated Plan.

PERA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by state statute, and vest after three years of credited service. The defined retirement benefits are based on a member's highest average salary for any five successive years of allowable service, age and years of credit at termination of service.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 8 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE

A. Plan Description (Continued)

Public Employees' Retirement Association (Continued)

Two methods are used to compute benefits for PERA's Coordinated and Basic Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2% of average salary for each of the first 10 years of service and 2.7% for each remaining year. The annuity accrual rate for a Coordinated Plan member is 1.2% of average salary for each of the first 10 years and 1.7% for each remaining year. Under Method 2, the annuity accrual rate is 2.7% of the average salary for Basic Plan members and 1.7% for Coordinated Plan members for each year of service. For all GERF members hired prior to July 1, 1989, whose annuity is calculated using Method 1, a full annuity is available when age plus years of service equal 90. Normal retirement age is 65 for Basic and Coordinated Plan members hired prior to July 1, 1989. Normal retirement age is the age for unreduced Social Security benefits capped at 66 for Coordinated Plan members hired on or after July 1, 1989. A reduced retirement annuity is also available to eligible members seeking early retirement.

There are different types of annuities available to members upon retirement. A single-life annuity is a lifetime annuity that ceases upon the death of the retiree – no survivor annuity is payable. There are also various types of joint and survivor annuity options available which will be payable over joint lives. Members may also leave their contributions in the Fund upon termination of public service in order to qualify for a deferred annuity at retirement age. Refunds of contributions are available at any time to members who leave public service, but before retirement benefits begin.

The benefit provisions stated in the previous paragraphs of this section are current provisions and apply to active Plan participants. Vested, terminated employees who are entitled to benefits but are not yet receiving them are bound by the provisions in effect at the time they last terminated their public service.

PERA issues a publicly available financial report that includes financial statements and required supplementary information for GERF. That report may be obtained on the Internet at www.mnpera.org, by writing to PERA at 60 Empire Drive, #200, St. Paul, Minnesota 55103-2088 or by calling (651) 296-7460 or (800) 652-9026.

B. Funding Policy

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. These Statutes are established and amended by the State Legislature. The School makes annual contributions to the pension plans equal to the amount required by state statutes. GERF Basic Plan members and Coordinated Plan members were required to contribute 9.1% and 6.25%, respectively, of their annual covered salary in 2011. In 2011, the School was required to contribute the following percentages of annual covered payroll: 11.78% for Basic Plan members and 7.25% for Coordinated Plan members. The Academy's contributions to the Public Employee's Retirement Fund for the years ended June 30, 2013, 2012 and 2011 were \$ 65,054, \$ 49,362 and \$ 43,892, respectively, equal to the contractually required contributions for each year as set by state statute.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 9 – COMMITMENTS

A. Lease Commitments and Terms

On June 5, 2009, the Academy (Lessee) signed a lease for educational space with the Charter School Development Corporation (CSDC [Lessor]), in Minneapolis, Minnesota. The term of the lease agreement covers periods through June 30, 2014. The annual rent for the lease is be equivalent to the product of the projected average daily membership (ADM) multiplied by a rental amount that results in the Lessee's receipt of the maximum amount of lease aid available pursuant to applicable Minnesota law, or the amount necessary for the Lessor's debt service coverage ratio to remain at 1.25:1.00 for the total projected costs. During 2013, the Academy paid \$ 598,857 to CSDC. This lease agreement also provides the Academy the right to purchase the Lessor's interest in the property at a future date.

For 2013, the Academy qualified for state charter school lease aid which equaled the lesser of 90% of the approved lease cost or \$ 1,200 per pupil units served, or \$ 619,334.

The Academy's ability to make payments under the lease agreement is dependent on its revenues which are in turn, largely dependent on sufficient enrollment being served at the Academy and sufficient state aids per student being authorized and received from the State of Minnesota. The Academy believes its enrollments and aid entitlements will be sufficient to meet the lease obligations as they become due.

On June 10, 2012, the Academy signed a lease for additional educational space with NE Lutheran Ministry Center, Minneapolis, Minnesota, commencing July 1, 2012. The term of the lease agreement covers periods through June 30, 2014. The annual rent for the lease shall be \$ 73,440 and will be paid in 12 equal installments. If enrollment increases above 61.2 pupil units, the Academy will be required to pay a rent adjustment in January and will be retroactive to the first day of the applicable year. The additional rent shall increase in an amount equal to any increase in the amount of building lease aid per pupil unit as provided in *Minnesota Statutes* 124D.11, Subd 4. During 2013, the Academy paid \$ 89,292 to NE Lutheran Ministry Center.

On June 25, 2013, the Academy (Lessee) signed a lease for educational space with Educational Properties Yinghua, LLC (Lessor), in Minneapolis, Minnesota. The term of the lease agreement covers periods through June 30, 2053 and assumes the remaining lease term from CSDC. The annual rent for the lease is equal to a base annual rent plus operating costs. Annual base rent will be for the portion of the facility that remains intact and occupied which will be calculated as the greater of (1) \$ 589,519 or (2) the maximum amount related to students occupying the premises. Beginning on July 1, 2014, the annual base rent will be the greater of (1) an amount equivalent to (A) 1.0x of Landlord's annual debt service (plus issuer, trustee and rating agency fees) if a Certificate of Occupancy has not been obtained for the new addition, or (B) if a Certificate of Occupancy for the new addition has been obtained, 1.1x of Landlord's annual debt service or (2) the maximum amount. The Academy is also responsible for all operating costs associated with all utilities, water, sewer, garbage removal, telecommunication, janitorial, cleaning, maintenance, repairs, replacements, landscaping, snow removal and all other costs of operating the premises. Payments under the lease will begin on July 5, 2013 for the period beginning July 1, 2013.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2013

NOTE 10 - CHANGE IN ACCOUNTING PRINCIPLE

For the year ended June 30, 2013, the Academy implemented GASB Statement No. 63. This action resulted in the establishment of categories outside of assets and liabilities titled deferred outflows and deferred inflows. The Statement also retitled Net Assets as Net Position.

NOTE 11 – GASB STANDARDS INSUED BUT NOT YET IMPLEMENTED

GASB Statement No. 68 replaces the requirements of Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers* and Statement No. 50, *Pension Disclosures*, as they relate to governments that provide pensions through pension plans administered as trusts or similar arrangements that meet certain criteria. Statement No. 68 requires governments providing defined benefit pensions to recognize their long-term obligation for pension benefits as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Yinghua Academy Minneapolis, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Yinghua Academy, Minneapolis, Minnesota, as of and for the year ending June 30, 2013, and the related Notes to the Financial Statements, which collectively comprise the Academy's basic financial statements and have issued our report thereon dated October 14, 2013.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the Academy's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses or significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Academy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Academy's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON LEGAL COMPLIANCE

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Yinghua Academy Minneapolis, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Yinghua Academy, Minneapolis, Minnesota, as of and for the year ended June 30, 2013, and the related Notes to the Financial Statements, and have issued our report thereon dated October 14, 2013.

The *Minnesota Legal Compliance Audit Guide for Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains two categories of compliance to be tested in audits of charter schools: uniform financial accounting and reporting standards, and charter schools.

In connection with our audit, nothing came to our attention that caused us to believe that the Academy failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdividions*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Academy's noncompliance with the above referenced provisions.

The purpose of this report is to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.
