Annual Public Meeting

The date of the Yinghua Academy School board annual public meeting to review progress during the 2017-18 school year was May 7, 2018.

District Advisory Committee

During the 2017-18 school year, there were ten members of the district advisory board which Yinghua calls the Academic Committee. These committee members are staff, parents, teachers, and community members.

Equitable Access to Excellent Teachers

There are no identified gaps at Yinghua related to equitable access for subgroups. The Executive Director and Academic Director assign teaching duties and annually evaluate all teachers and staff. No employees have tenure. All teachers have annual professional development plans. Yinghua does not assign teachers to teach outside of their field expertise or licensure area. Robust teacher evaluation and review includes peer review. Using Title I funds, Yinghua provides intensive academic support to students in these subgroups who need it. Multiple tutoring programs are in place to assist all learners of all backgrounds. Yinghua hires teachers and staff who are qualified for their roles. The majority of Yinghua teachers is of Chinese descent. This is fitting for a Chinese immersion school.

Local Reporting of Teacher Equity Data

The school publicly reports data related to equitable teacher distribution via the annual World's Best Work Force Summary Report.

Assurance Required Only for Districts/Charters with Comprehensive or Targeted Support (TSI or CSI) Schools

Yinghua is not a CSI/TSI school.

Goals and Results

All Students Ready for School

- **Ready for School Goal 1:** Before beginning kindergarten at Yinghua Academy, 100% of incoming kindergarten parents (or guardians) will share with Yinghua the results of their children's Early Childhood Screening reports. 2017-2018 Result: 98%.
- **Ready for School Goal 2:** During the 2017-18 school year Yinghua had immunizations or notarized waivers on file for 98% of kindergarten students. The Health Office took the lead on making sure that students submitted this information to the school. Health Office staff asked every parent to check in with them during the April Kindergarten Roundup and at our August Meet Your Teacher events. 2017-2018 Result: 98%.

All Students in Third Grade Achieving Grade-Level Literacy

- **Third Grade Literacy Goal:** Our goal is for all students to demonstrate reading proficiency throughout the primary grades. By third grade, 100% of students will be at or above grade level on the Northwest Evaluation Association assessments (NWEA) which reports highly accurate norm-referenced scores. Based on the outcomes of the assessment, students may qualify for support through intervention services. 2017-2018 Result: 57%.

Close the Achievement Gap(s) Between Student Groups

- **Gap Goal Part 1:** By the conclusion of FY 2017, for both reading and math, the proficiency rate for each subgroup for which the school had publicly-reportable / sufficient counts in 2013 will be no less than: [One-half of (100 – 2013 subgroup proficiency rate)] + 2013 subgroup proficiency rate. **New goals have not yet been set.**
- **Gap Goal Part 2:** In addition, the difference between the non-FRL proficiency rate in the school and the FRL proficiency rate will be reduced each year in both reading and math. **The school did not meet this goal.**

All Students Career- and College-Ready by Graduation

- **Graduation Goal:** During the 2017-18 school year 100% of students in grades 5-8 will participate in Discovery Class, and the school will host at least one high school readiness event for current students and parents/guardians. **Goal met.**

All Students Graduate

- **Graduation Goal:** In June 2018, 100% of students enrolled in 8th grade will graduate from Yinghua Academy. **Goal met. School does not enroll students in grades 9-12.**
