Grandparents' Day 重阳敬老节 Tuesday, October 8, 2019

Grandparents' Day is an important cultural event at Yinghua Academy. Also known as Double Ninth Day (重阳节), Grandparents' Day is tied to the Chinese Elders' Day celebration on the ninth day of the ninth lunar month. The date is special because the word for the number nine in Chinese is a homonym for longevity. The holiday encourages young people to respect their grandparents and elders.
