

Extended Care

When school is done, it's time for fun!

Let Yinghua Academy's Extended Care program simplify your school days! The program has care both before and after school and extras to make the most of your after-school time.

Morningcare

- Before-school care is available every school day.
- Morningcare is drop-in; use it when you need it -- every day, or just when you need it.
- Care is currently available 6:45-7:45, when students join their classmates before school.
- A light breakfast is provided.
- Games, drawing, homework time, gym time, stories and other activities are available.
- The current fee for Morningcare is \$9 per day.

Aftercare

- Aftercare is available every school day. Program hours are 3:30-6:00 p.m.
- Sign up for every day or just the days you need it.
- You can sign up in advance, or up until 2:45 on the day you need it.
- Aftercare starts with a snack, provided by our program, in afternoon homeroom.
- Kinder students have their own classroom and Aftercare staff. They have games, toys, crafts and more. If the weather permits, kinder students are encouraged to play outside.
- The current fee for Aftercare is \$15 per day.

Enrichment Program

- Yinghua Academy offers after-school Enrichment classes during three eight-week sessions – fall, winter and spring.
- Classes are offered in a variety of fun and educational areas – science, reading, sports, the arts, chess, STEM, programming, technology and more.
- Kindergarten students are eligible to sign up for classes in winter and spring sessions, after they've had some time to get used to being in school.
- Each class is priced differently, and the fee includes a reduced-rate Aftercare, so students are part of Aftercare before and after the class.

Conservatory of Music

- Students can take weekly private music lessons with professional musicians. Lessons are at Yinghua, after school.
- Lessons are currently \$35 per day (one class per week) and run in three eight-week sessions. Yinghua offers lessons in piano, violin, cello, drums, guitar and traditional Chinese instruments.
- Kindergarten students are eligible to sign up for lessons in winter and spring sessions, after they've had some time to get used to being in school.

Silent Dismissal keeps dismissal easy, flexible and safe!

- Yinghua's dismissal software program, Silent Dismissal, allows every family to let the school know exactly how they want their children released each day – to the bus, carpool, pick-up, to Aftercare and more.
- You can make a change in your dismissal plan up until 2:45 each day.
- Before school starts, you'll set up an account. Every family is required to keep their Silent Dismissal account up-to-date so that the school knows every day where your child is headed.

Homework Help and Tutoring

- Aftercare includes Homework First, a place to do homework with Yinghua teachers on hand to help.
- Those who want more help with academics can use Yinghua's private tutoring program. Yinghua staff tutor students once a week for a fee.
