

Session I music lessons are open to all 1st – 8th graders. Kindergartners are welcome to participate in Sessions II and III.

HOW TO REGISTER for Music Lessons

1. Select the music teacher you'd like to register your student with or who's schedule you'd like to view from the bottom of the welcome page by clicking the "View" button. The days that teacher is available appears under their names.
2. Each teacher's available days and time slots will appear. Select the time slot you'd like to register your child for. The day and time slot you select will be your student's lesson time for the rest of the school year, or for as long as they continue lessons.

Your student is now registered! You will be invoiced in the following week. Please DO NOT send in payments until you are invoiced.

***** If you are having problems registering more than one student:**

Some parents have reported having issues with signing up more than one student because the system won't let them change the name of the participant. If this happens, follow these 2 simple steps:

1. Select the time slot with the teacher you'd like to register your next student with. If the system does not prompt you to create a new participant account and automatically fills the information with your previous student's information, click the garbage can symbol by the name of your previous student:
